

travel guide and map

by plane

We recommend travelling to Regensburg via:

► Munich Airport: <http://www.munich-airport.de/EN/>

From Munich Airport you can travel to Regensburg by Airportliner shuttle service: <http://www.airportsprinter.de/>

Duration: approx. 1:00 h.

► Nuremberg Airport: <http://www.airport-nuernberg.de/english/>

From Nuremberg Airport you can travel to Regensburg by train after taking the subway (line: U2) to Nuremberg central station. The homepage of German Rail is: <http://www.db.de/>.

Duration: approx. 1:15 h.

by car

From Nuremberg or Munich:

At the motorway interchange Regensburg you have two options:

► Heading towards Weiden: Exit Kumpfmühl

► Heading towards Passau: Exit Regensburg Klinikum

From Passau

► A3 in the direction of Nuremberg:

Exit Regensburg Klinikum

by train

Take the train to Regensburg central station

(„Regensburg Hauptbahnhof“). From there take a cab to „Bezirksklinikum Regensburg“.

Regensburg, Germany
July 13 - 15, 2006

2nd Summer Conference Research in Forensic Psychiatry

University of Regensburg
Forensic Psychiatry and
Psychotherapy Unit
Head: Prof. Dr. M. Osterheider

call for papers

The Forensic Psychiatry and Psychotherapy Unit at the University of Regensburg invites you to take part in its second international conference from July 13 to 15, 2006. The conference will be held on campus at the University of Regensburg.

Regensburg is a picturesque Bavarian city situated at the Danube. Regensburg can easily be reached from abroad via Munich or Nuremberg airports.

The conference committee invites proposals for papers and posters.

Presentations of papers will be held as plenary lectures or as part of a symposium. Proposals should present empirical studies or reviews and address one of the following topics:

- ▶ sexual deviance
- ▶ prediction of dangerousness and recidivism
- ▶ offender treatment
- ▶ crime scene analysis / investigative psychology
- ▶ risk assessment / risk management
- ▶ forensic child and juvenile psychiatry
- ▶ research strategies for forensic settings
- ▶ psychopathy: concepts & research
- ▶ violence and mass media
- ▶ forensic epidemiology
- ▶ forensic neurobiology and neuroimaging

call for papers

call for papers

Conference languages are English and German.

Abstracts can be submitted in electronic form through an online form on our website (URL: <http://www.forensik-regensburg.de>) until March 31, 2006.

A decision on acceptance will be confirmed by April 28, 2006. An abstract with a maximum of 300 words is requested for papers and posters.

The abstracts for papers or posters should be in English language. Abstracts in German will also be considered as long as title and key words are given in English.

Of course, passive participants are equally welcome.

Presenters and passive participants are responsible for their own registration, transportation and accommodation costs. The registration fee is € 300. Suggestions on travel and accommodation will be included in the preliminary programme. The Regensburg tourist office can be contacted via: <http://www.regensburg.de>
